

Introducing

MILK REPLACER

- 26% Protein, 20% Fat
- Multiple sources of functional proteins for better calf growth and immune function.
- Promotes productive health and growth and better lifetime productivity.
- Significantly out-performs traditional 20% and 22% all-milk products. Research shows 24 lbs more calf weight gain than a 20/20 all-milk.
- Medicated with Oxytetracycline 200g/ton and Neomycin base 400g/ton (30-day withdrawal before slaughter).
- Delivers Bio-Mos[®] for optimal gut health.
- Creamy, delicious flavor the calves will love!
